Policeman Sayrs chased Thomas Glenn down Seventh street, near Walnut. The fugitive suddenly turned and fired his revolver at the officer. The policeman dodged behind a freight car on Seventh street and emptied his revolver at Glenn. Edward Ever came to the officer's assistance, and Policemen Hyde and McClung joined in the chase. Glenn was finally captured in a house in which he had taken refuge.

One of the other fugitives fired at Policeman Butts, and that officer returned the fire, but neither was wounded. The officers

man Butts, and that officer returned the fire, but neither was wounded. The officers found that Harry Cooper, of No. 76 Pine street, had been shot in the knee and James Carter, of No. 332 Joint siley, had been shot in the stomach and hip during the riot. Both men are colored. They were sent to the Cooper Hospital. Carter the first in a critical condition.

At the Shick mines, on the Baltimore & Ohio Railroad, in Beimont County, O., the management gave the price asked for and the two hundred men are working to-day. On the Wheeling & Lake Eric Railroad, there is a serious spilt among the men, part of them favoring the strike, while at a majority of the mines the men will tailor-made and shrunk.

The police arrested Henry Peters, son of Policeman Peters; John McDonald, Frank Whitaker and Thomas Glenn. The prisoners claim that the fight started in the morning over a game of "craps," and that the colored men returned in the evening with reinforcements to rout the white men.

The coming week will be a busy one. I have every reason to believe that, with the exception of a very few mines, the suspension will be general. Our men realize that this is the fight of thier lives, and from the expressions of determination I hear on all sides, I have every reason to believe the strike will be successful. We are in good shape to stay out all Summer. By good shape I mean that we have warm weather and a prospective big demand for lake trade coal in sight, which makes the time much more opportune than in Winter.
